- Our internal and external dispute resolution services.

We hold Australian Financial Services Licence number 421414 and are authorised to provide the following services to both retail and wholesale clients:

a) Provide Financial Product Advice

We can provide you with financial product advice. This is where we make a recommendation, or express our opinion on matters relating to financial products described in section 3 below. We are authorised to provide financial product advice taking into account your personal circumstances, financial situation or needs and we are also authorised to provide advice which is not personal advice (this is general advice).

b) Deal in a financial product

We are also authorised to deal in the financial products described in section 3 below. Dealing means: issuing, applying for or acquiring, varying or disposing of a financial product in respect of all of the products, except basic deposit products. We are also authorised to deal by applying for or acquiring, varying or disposing of deposit and payment products on behalf of another person.

c) Make a market

We make a market by regularly stating the foreign exchange rate which will apply to any foreign exchange contract you choose to enter into with us.

Our Product Disclosure Statement contains general information about the terms and conditions; risks and benefits; and fees and charges applicable to our product suite.

2) Our Authorised Representatives

3) What kind of products do the Financial Services relate to?

Our Australian Financial Services Licence authorises us to provide financial product advice in relation to the following financial products ("Products"):

- Foreign exchange contracts;
- Derivatives;
- Non cash payments products;
- Basic deposit products (applying for, acquiring, varying or disposing of financial product on behalf of another person).

4) Our advice policy

a) General Advice Only

We will provide you only with general advice that does not take into account your individual objectives, financial situation or needs ("General Advice"). Whenever we provide you with General Advice, you should also seek independent professional advice to ascertain whether our advice is appropriate for your particular financial circumstances and requirements.

b) Statement of Advice

In the event that you ask us to provide you with advice that does take into account your objectives, financial situations or needs ("Personal Advice") and we give such advice, we will provide you with a Statement of Advice ("SOA"). The SOA will contain the Personal Advice given and other relevant information about fees, commissions and associations which may have included the provision of the Personal Advice. You should still obtain independent financial advice, as any Personal Advice we give you will not take into account all your financial requirements; for example tax/audit requirements.

In all cases we recommend you take every reasonable step to fully understand the outcomes of specific Foreign Exchange trades and strategies adopted in relation to utilising the advice provided by us.

5) Other documents you may receive

a) Product Disclosure Statement

If we recommend you acquire a Product, we will also provide you with a Product Disclosure Statement which contains information about the Products we issue. This will help you make an informed decision about whether you wish to acquire our Products. The PDS is designed to allow clients to make an informed decision about whether to acquire a financial product and to allow for comparison of financial products. It includes information such as fees payable, risks, benefits and significant characteristics of our products. Generally, a PDS should be provided to a retail client before an offer is made to issue a financial product. Clients should obtain our PDS and consider its contents before making any decision about whether to acquire our products. The PDS can be downloaded from our website or a paper/soft copy will be provided upon request.

b) General Terms and Conditions

In order to acquire our Products, we may provide you with additional documentation to facilitate your request. For example, these documents may include agreements, terms and conditions and transaction confirmation advice. All transactions are governed by Moneytech's standard Foreign Exchange Terms and Conditions which are available on line at www.moneytech.com.au

6) Instructing Moneytech or its Authorised Representative

You may give us instructions via our trading platform or by telephone, in person, fax or email. We advise that all of our telephone lines are recorded in order to provide a record of transactions and the contract entered between Moneytech and you.

7) Remuneration and Referrals

a) Foreign Exchange Rates – Margins

We obtain revenue through a 'margin'. The margin is the difference between the wholesale exchange rate we are able to obtain and the exchange rate we then offer to each customer. The exchange rate we offer to you is dependent on a number of factors including: the value of the transaction and the currency involved the frequency that you trade with us, the likelihood of increases or decrease in the relevant rates of exchange and the differing interest rates applicable to the currency pair involved in the forward exchange transaction.

The 'margin' may vary depending on the supply and demand for the two currencies and amount involved, market volatility and required maturity date.

If you request us to cancel a transaction before settlement, it is likely that the relevant exchange rate for that transaction will have changed. If that occurs, you may be required to make an additional payment which will reflect the change in exchange rates. We will notify you of any amounts you will be required to pay at the time you request to cancel the transaction.

b) Financial product advice and making a market

We do not charge you additional fees for providing financial product advice; we do not charge you additional fees for making a market. We are remunerated for providing those services only by you acquiring our Products.

c) Remuneration to our Authorised Representative

Our Authorised Representative, Moneytech FX, is paid in relation to the financial services provided in accordance with a commercial arrangement between us. The terms of this commercial arrangement provide that Moneytech FX earns revenue on each trade conducted except where the client is referred by Moneytech, in which case Moneytech retains a percentage of the revenue earned on each trade.

d) Staff Remuneration

Staff members of Moneytech and Moneytech FX are salaried employees. This means all staff receive a salary, plus superannuation.

Whether staff members receive any additional rewards or benefits depends on a number of balanced performance and behavioural factors. Staff members may be entitled to receive an annual bonus, the level of which may depend on the overall performance of the company throughout the course of the year, and the individual (or team's) ability to meet:

- Performance targets in relation to sales; and/or
- Performance targets based on other factors such as compliance and regulatory commitments, customer service experience and corporate responsibility requirements.

No conflicted remuneration is paid by Moneytech to Moneytech FX, nor the respective employees of each of Moneytech and Moneytech FX.

8) Third Party referrals

You may have been referred to us or our Authorised Representative by a service provider who may receive financial or non-financial benefits from us. These should have been disclosed to you by the service provider in question. Please note that such benefits will not impact transaction fees or margins payable for foreign exchange transactions with us. Any benefits those third party suppliers receive are paid out of our own funds and are not a cost to you.

9) Transaction Fees

Our PDS provides further details regarding specific transaction fees and costs. However, please note that our fee is built into the exchange rates quoted when you seek to transact. We reserve the right to charge a transaction fee up to A\$50 per transaction, and may also charge up to A\$10 dishonoured cheque fee, a telegraphic transfer fee up to A\$15 and an express delivery fee up to A\$25. Details of all fees and costs will be disclosed to you prior to receiving any advice or entering into a transaction.

10) Client Money

We are required to hold all money paid by retail Clients to us in connection with over the counter derivatives in a separate client money account and only withdraw such monies in limited circumstances in accordance with the governing legislation. Where client funds are held by Moneytech in a client money account, Moneytech will retain and be entitled to any interest earned on the client money account.

11) Conflicts of Interest

We do not have any relationships or associations which influence us when providing you with our services.
